*September 6, 2017* - Phoenix, Arizona – A clean, warm, dry pair of socks can mean a little comfort for Houston Independent School District students affected by Hurricane Harvey. The Pendergast District in conjunction with the 8<sup>th</sup> Grade Superintendent’s Council comes together to help others with a Houston Sock Flood Relief Drive. All twelve schools and the district office are leading this charge to lend a hand for families in need. In addition to socks, monetary donations are also being accepted and can be made through the Pendergast Education Foundation.

Dr. Lily Matos DeBlieux, Pendergast Superintendent shares, “An important part of our Be Kind Character Education program are the tenets we teach our students in the Be Kind Pledge to: be helpful, be positive, be supportive and be encouraging. All of these things come into play when students join together and get involved in helping others. We strongly believe in Pendergast that we live the values we teach daily. We sincerely hope the community will join us in this important effort to help others impacted by the devastating floods.”

All new socks from infant through adult sizes can be dropped off at the Pendergast District Office, 3802 North 91st Avenue, Phoenix, Arizona 85037, or at any of our twelve school sites from September 5-29, 2017.

For further information call 623-772-2200. Help the Pendergast School District “sock it” to Hurricane Harvey!
